The North Side Flood Experience Information Sheet

Dates: June 21-25, 2027 [**Registration Deadline:** May 1, 2027]

Price: \$799/person (children ages 5 and under are free)

Included in that price: 1 meal/day, snacks, water, guided tours/instruction at multiple locations, entrance to several complimentary locations, and staff overhead. [Note: We *plan* to visit these locations, barring unforeseen circumstances.]

NOT included: housing (see below for recommendations), 2 meals each day (NOTE: our recommended hotel has complimentary breakfasts which could serve as one of those two meals), transportation, parking at Horseshoe Bend (app. \$10), all national parks/national monuments (NOTE: see pricing information below). [Note: We *plan* to visit these locations, barring unforeseen circumstances.]

Registration:

[Note: Space on the trip is limited. Registration will be accepted on a “first come, first served” basis. Your spot on the trip will not be secured until both the registration form and the fee are received by Dr. Miller. The trip is also contingent upon a sufficient number of registrants.]

- Refunds: Whether or not the trip happens is dependent upon the number of paid registrants. Therefore:
 - Full refunds (minus e-fees) will be granted for cancellations by May 1st, but only 50% refunds between May 1st and June 21st, and no refunds after June 21st, in order to allow the rest of the group to plan accordingly (e.g., flights).
 - Registrants will receive a full refund if the trip is cancelled (minus the electronic fee, if you paid electronically).

- **Registration deadline: May 1st** [Registration form (link below) **and** fee due May 1st]
- To **register**, each person in your party should fill out a form found at:
<https://forms.gle/ZMemX4oBbgymZJw48>
 - Alternatively, the form can be printed, filled out by hand, and mailed to:
Apologetics Press, Attn.: Jeff Miller, 230 Landmark Dr., Montgomery, AL 36117
- **Payment** can be made digitally here: <https://store.apologeticspress.org/products/2027-summer-north-side-flood-experience>
 - Alternatively, you can write a check to Apologetics Press and mail to the above address, again with
Attn.: Jeff Miller

Tentative Schedule

[Unlike the Classic Flood Experience, note that some of the lectures take place on the hikes—not easily accessible by those not wishing to walk.]

*** [A] = **Light** walk/hike (*some stairs possible*); [B] = **Moderate** walk/hike (*more distance/stairs possible; possibly no path/uneven ground in places; basic boulder climbing possible*); [C] = **Strenuous** walk/hike (*greater distance hike with inclined paths or no path*)

Sunday, June 21st—Arrival

Arrive in Kanab, UT

6:00 PM—Worship at Holiday Inn Express & Suites—Session 1 (Introduction)

Monday, June 22nd—Bryce Canyon National Park

9:00 AM—Meet at Sunset Point parking lot—Session 2 (Babel & the Dispersion)

9:45 AM—Meet at the rim for Session 2b

10:30 AM—Hike Navajo Trail [C]

12:30 PM—Lunch at parking lot (provided)

2:00 PM—Meet at Yovimpa Point for Session 2c

3:00 PM—Free time for hiking/exploring

Tuesday, June 23rd—Cedar Breaks National Monument

9:00 AM—Meet at Cinder Cone-Lava Flows Viewpoint, hike to lava flow [B]—Session 3a (Plate Tectonics & Volcanoes)

10:30 AM—Meet at Point Supreme Viewpoint visitor center—Session 3b (Defending the Flood)

11:30 AM—Lunch at parking lot (provided)

12:30 PM—Hike Spectra Point Trail [B]—Session 3c (Bristlecone Pines)

3:30 PM—Meet at K-Pg Boundary (GPS: 37.67373564284387, -112.84142346379863)—Session 3d (The End of the Flood)

4:00 PM—Free time for hiking/exploring

Wednesday, June 24th—Zion National Park, Seismites, & Kanab Dinosaur Trackways

7:00 AM—Meet at Checkerboard Mesa parking lot—Session 4a (Crossbedding)

8:00 AM—Meet at Zion NP Visitor's Center parking lot (south end, GPS: 37.19830496268543, -112.98730272541243)—Session 4b (Catastrophism After the Flood)

9:00 AM—Free time—Recommended hikes: Lower and Upper Emerald Pools [A]

3:00 PM—Meet at seismites (GPS: 37.12282564020752, -112.56480047968192)—Session 5 (The Origin of Mountains)

4:30 PM—Meet Kanab Dinosaur Tracks trailhead (Kanab Port of Entry)—Session 6

5:00 PM—Hike to dinosaur tracks [C]

7:00 PM—Dinner at hotel (provided)

Thursday, June 25th—Grand Canyon National Park (north rim) & Astronomy

9:00 AM—Meet at North Rim Visitor Center parking lot—Session 7 (The Grand Canyon)

9:45 AM—Visitor Center

10:15 AM—Bright Angel Point hike [B] (30 min.)

11:30 AM—Meet at Cape Royal wedding site—Session 8 (The Flood/Pre-Flood World)

12:30 PM—Lunch (provided)

1:15 PM—Hike on Cape Royal Trail to Angels Window and Cape Royal [B] (1 hr.)

2:30 PM—Hike Cliff Spring Trail [B] (1 hr.)

3:30 PM—Free time

8:00 PM—Meet at Ryan Rd., Fredonia, AZ (GPS: 36.826171111650574, -112.42835801953075)—Session 9 (Evidence of Design and a Young Universe in the Sky)

Friday, June 26th—Glen Canyon, Horseshoe Bend, and Biidi Arch

9:00 AM—Meet at Glen Canyon Dam Overlook—Session 10 (Canyon Carving: Uniform or Catastrophic?)

10:15 AM—Meet at Glen Canyon Dam Carl Hayden Visitor Center (free time; Recommended: watch the video in the theater)

12:00 PM—Meet in Glen Canyon Dam parking lot for lunch (provided)

1:30 PM—Hike to Horseshoe Bend rim [B]—Session 11

3:00 PM—Meet at Biidi Arch [A]—Session 12 (Conclusion)

4:00 PM—Free time

Housing Information:

- Since some will likely opt to drive RVs, use tents, or select different hotels, housing arrangements are left up to attendees to arrange.
- We plan to block off rooms at the Holiday Inn in Kanab, UT, which offers **complimentary breakfasts**.
[Note: This trip being at peak time during the year, area hotel prices may be higher than normal. Also, since we were limited on how many rooms could be set aside, it is recommended that you reserve your room ASAP (when they're blocked off) in case the hotels fill in the coming weeks. The blocked-off rooms will likely be released to the public 2-3 weeks before the event.] **When we have blocked off the rooms, we will update this information sheet. We anticipate the following information being relevant at that time:**

Other Pricing Information:

*** With a National Park Pass (\$80/family), the whole family can go to all six of the national parks/monuments on this trip, plus many other U.S. national parks, for free for an entire year.

*** Check the national parks website to see if they are offering free entrance for vehicles with children in 2027.

Other Considerations:

- **Safety considerations:**
 - We will experience a wide range of temperatures, most of which will be moderate (in spite of our being there in June) because of the high elevations. Average **temperatures**, June:
 - Kanab, UT: 52° (low)/90° (high)
 - Grand Canyon (north rim): 42° (low)/76° (high)
 - Bryce Canyon: 43° (low)/76° (high)
 - Zion: 57° (low)/97° (high)
 - Horseshoe Bend (Page, AZ): 61° (low)/93° (high)
 - Cedar Breaks: 33° (low)/64° (high)
 - While many of the locations we will be visiting have paved pathways and rails, some of the locations are more “rustic.” Attendees are asked to stay on the marked pathways, not straying close to drop-offs/cliffs or wandering off the pathways into forests. The rules and warnings marked at each of the locations we will be visiting should be heeded at all times. Due to the remote location of Lava River Cave (with a limited cell phone signal), it is recommended that attendees carry with them a basic first aid pack if they wish to hike the cave.

- **Elevation/oxygen:** Note as a reference point that the elevation in Montgomery, AL is 240 ft. above sea level. However, the elevations where we will be on the trip are enormously higher. Kanab, UT (where our base will be) is at roughly 5,000 ft., Zion, Bryce, and Grand Canyon (north rim) are at roughly 8,000 ft., Cedar Breaks is above 10,000 ft., and Page (Horseshoe Bend/Glen Canyon) is at 4,000 ft. Higher elevations translate to less oxygen in the air (O₂ at sea level: 20.9%, O₂ at 7,000 feet: 16%), which translates to having more trouble “catching your breath.” If you plan to go on the more strenuous hikes and aren’t in shape, it is recommended that you do some conditioning prior to coming by taking 30-minute brisk walks 4-5 times each week, preferably with inclines en route.
- **Preservation considerations:** Attendees are required to leave the locations we will be attending in as good or better a state than it was when they arrived. Be sure not to leave any trash behind, and be sure not to take with you any unauthorized artifacts from the National Parks.
- **Lecture considerations:** There will be places to sit at most locations at which Dr. Jeff will be presenting lectures. However, a couple of the locations will not have seating and seating at some of the others will be limited. Unless you don’t mind standing or sitting on the ground, packing a portable, collapsible **chair** is recommended in case insufficient seating is available. [This trip is taking place during peak travel times at many of these locations.]
- **Recommended Items to Bring:** lots of sunscreen (as well as Aloe Vera, in case of sunburn), a wide brimmed hat, Chapstick, a water bottle or a Camelback (filled at the hotel before joining the group), extra water (beyond what we’ll provide each day), hiking shoes, sunglasses, rain/wind breaker, a writing utensil, flashlight/head lamp (for astronomy night), hiking pole/stick (if desired), umbrella, jacket, Bible, *Flooded book*. [More instructions will be forthcoming via email after the registration deadline has passed.]
- **Apparel:** We ask that shorts/skirts reach the knee (when standing), that no tight, form-fitting clothes be visible, and that no low-cut tops or tops that show the midriff be worn.
- For those choosing to **fly** to St. George or Las Vegas, there are rental car facilities. [For those who wish to rent a car, you may be able to split the cost by sharing a car with someone else going on the trip. **We will plan to set up a “Band page” after the registration deadline for those who are attending so that you can coordinate more easily.**]
